Case Study

A Restaurant Boosts Fast-Paced Service with Smarter Billing & Inventory

RTAC

Client Overview

A busy restaurant from the United Kingdom serving a large customer base, offering dine-in, takeaway, and delivery services.

Challenges

- Complicated billing process
- Frequent stockouts leading to loss of sales
- No clear sales insights
- Long customer wait times

Solution

- NFC tags for quick staff login
- User-friendly digital menu
- Barcode scanning for fast billing
- Smart inventory management

Benefits

- Faster, smoother billing
- Reduced stockouts & sales loss
- Clear sales insights for planning
- Improved customer satisfaction
